

Dirty carpets?

Good news!

We're here to help.

GIPPSLAND
STEAM CLEANING

▲
.com.au

Now that summer's over, the parties have dried up and the kids are back at school. So – let's get those carpets cleaned!

All new customers who mention this flyer will save \$20 off their booking. Nice one!

Newly established and based in Traralgon, our fully qualified and certified carpet cleaning technicians are here to give your carpets, couches and car upholsteries, the freshen up that they've been waiting for.

Rather than cleaning just the surface of your carpets in an effort to leave them dryer, **steam cleaning** is by far the most effective method of carpet cleaning as it gives the fibres a deeper clean throughout.

It's kind of like putting your clothes through the wash rather than just wiping them clean with a cloth. Which would you prefer?

With Saturday and Sunday bookings available, we're more than happy to work around your schedule.*
